Guidelines (2023)

CANA Vision Statement

Inspired by the primary purpose of the groups we serve; our Vision provides direction for all the efforts and actions of the Canadian Assembly of Narcotics Anonymous.

In our vision is a time:

- *When addicts throughout the geographical expanse we serve need no longer suffer and die without having had the opportunity to discover and experience the miracle of recovery offered by Narcotics Anonymous.*
- *When the NA message of recovery is freely carried in every language and across all boundaries of culture, ethnicity and geography from coast to coast to coast.*
- *When the Canadian Assembly is universally recognized as a dynamic and reliable resource for NA services and information.*
- *When every member, inspired by the gift of recovery, experiences spiritual growth and fulfillment through service.*

This vision directs all our service efforts. With the guidance of a loving Higher Power we strive towards these ideals.

 - 5.1.1** In order to minimize the time spent discussing topics within the Assembly, a Workgroup system, and/or forum or small group system may be used instead
 - 5.1.2** Input to the Assembly, including questions, ideas, proposals, suggestions, experiences and needs may be referred to an ad-hoc or standing committee and/or forum or small group
 - 5.1.3** The basic purpose of these committees and open forums or small groups is to collect, clarify, define and state the decisions of CANA within specific area of concern and to initiate and coordinate actions based on these decisions. These committees do not govern; they perform the necessary task, reporting the results to CANA

6 PROPOSALS

- 6.1** Only Assembly participants are allowed to participate in the decision-making process, submit proposals and discussion items or address the Assembly except as directed by the Assembly.
 - 6.1.1** CANA encourages regions to present their issue as a topic discussion item or proposal

- 6.1.2 All proposals that commit the Assembly to a policy or an action are to be submitted in writing
- 6.1.3 All proposals recorded in the Assembly's minutes shall include the members name and the region that submitted the proposal

7 GENERAL DISCUSSION PROCEDURES

- 7.1 The Chairperson shall have the right to limit the time for each participant to speak. This may be invoked by the Chairperson at any time and is subject to appeal
- 7.2 No member may speak on a proposal or discussion item more than once unless others desiring to speak have exercised their opportunity
- 7.3 Only one (1) voice per Region/Area will be recognized on any proposal referred by CANA for Regional/Area conscience

8 SMALL DISCUSSION GROUPS' PROCEDURE

- 8.1 At the start of each group discussion a Recorder and a Facilitator will be appointed from each groups' participants. Participants will rotate the responsibilities of the Recorder and Facilitator throughout the following days of the Assembly. This will allow each member an opportunity to share in the activities and discussion
- 8.2 The duty of the Facilitator is simply to keep the group focused on the solution. If the subject of discussion is too large, the subject can be broken into smaller items.
- 8.3 The duty of the Recorder is to take minutes or record ideas during the meeting and to formulate and submit a written report to the Assembly
- 8.4 Decide at the start of the meeting what the purpose for the discussion is. The group should be able to define a goal they wish to achieve

9 CONSENSUS BASED DECISION MAKING PROCEDURE

Discussion based consensus building

1st level:

- 9.1 Proposal or item is presented with budget implication if any; any clarification needed is provided, short discussion period if warranted
- 9.2 Facilitator asks for consensus. Does item receive 100% Approval or rejection? If 100% approval; proposal carries; if 100% rejection, proposal fails; record the results in the minutes. If item does not receive 100% in either, go to the **2nd level**

2nd level:

- 9.3 Facilitator facilitates consensus building. More information is provided, with full intent for proposal a brief break may be necessary. Discussion is had for/against the proposal; small group discussion may be warranted
- 9.4 Facilitator asks for consensus. Does item receive 100% approval or rejection? If 100% approval, proposal carries; if 100% rejection, proposal fails; record the results in the minutes; if items does not receive 100% in either go to the **3rd level**

3rd level

- 9.5 Straw poll is taken
- 9.6 If 85% in favor/15% opposed: listen to the minority point of view or have small group discussion; discuss to reach consensus. Accept the proposal as proposed – if 50% in favor/50% opposed, 40%/60%, 25%/75% we need reflection:

- 9.7 Delay the decision to the next meeting or specified time, doing one of the following\;
 - 9.7.1 Form a workgroup with members with experience on the topic
 - 9.7.2 Seek more information to present at the following meeting
 - 9.7.3 Send back to eh regions/workgroup
 - 9.7.4 Make an interim decision and set a time to continue discussion
 - 9.8 **Stand Aside:** When a concern has been fully discussed and cannot be resolved, the person with the concern is willing to stand aside: that is, acknowledge that the concern still exists, but allow the proposal to be adopted
 - 9.9 **Block:** A blocking concern must be based on a generally recognized principle (violates one of the 12 Traditions or 12 Concepts), not a personal preference, or it must be against the entire groups' well being. Before a concern is considered to be blocking, the group must have already accepted the validity of the concern and a reasonable attempt must have been made to resolve it. If legitimate concerns remain unresolved and the person has not agreed to stand aside, consensus is blocked.
- Note:** *With such a small number of participants, the Chairperson shall be aware of a high number of stand asides as an indication for discussion to continue.*

10 INTERIM DECISIONS

- 10.3 Following one (1) week of discussion, the CANA chairperson will facilitate consensus. If unanimity cannot be reached, then 85% will be considered consensus as per our consensus guidelines

18 TRANSLATION POLICY

There are two basic types of translation projects CANA may consider

18.15 CANA initiated

18.15.1 CANA targets a language group which is most likely to possibly benefit from having our literature available

18.15.2 The process for this type of project is:

18.15.2.2 Identify the language group

18.15.2.3 Identify the CANA resource person

18.15.2.4 Invite NA members who might be willing to participate

18.15.2.5 Invite NA members who speak the targeted language who might be willing to participate

18.15.2.6 If a committee of qualified NA members can be constituted then the project can be continued in which the glossary and IP#1 can be translated in conjunction with the CANA resource and the NAWS Translations Group in accordance with NAWS guidelines

18.15.2.7 If no native language committee can be constituted then a professional translator may be utilized

18.15.2.8 In this case NAWS should also be notified to provide guidance on how to use the translation tools such as the glossary of allowable variations

18.16 Initiated by an NA community

18.16.1 The language group self-identifies and contact CANA in response to a notice on the CANA website

18.16.2 CANA identifies the CANA resource person

18.16.3 Invite NA members who might be willing to participate

18.16.4 Invite NA members who speak the language who might be willing to participate

18.16.5 If a committee of NA members can be formed, then the project can be continued in which IP#1 can be translated in conjunction with the CANA resource and the NAWS Translations Group in accordance with NAWS guidelines
